NEWSLETTER 5 SERIOUS ABOUT LAW | PASSIONATE ABOUT PEOPLE OCTOBER 2023

Living in a Different World

"I alone cannot change the world, but I can cast a stone across the waters to create many ripples." Mother Teresa

The desire to improve our world is a universal aspect of human nature. What we do to achieve this can vary greatly from person to person, and from business to business.

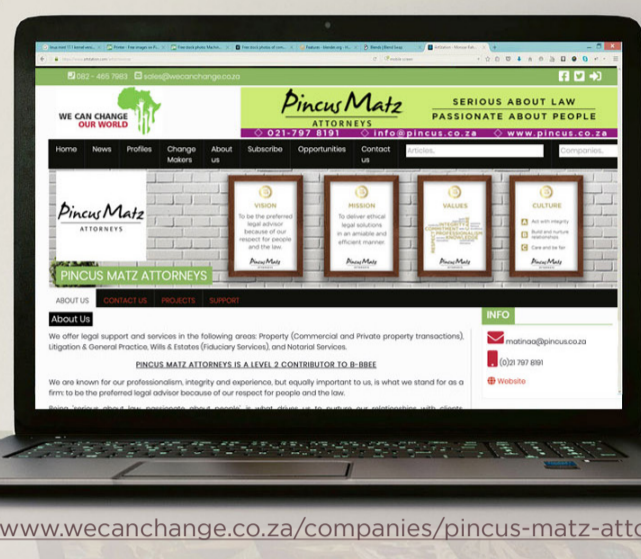

The Pincus Matz 2023 theme, *A World of Difference* has encouraged us to adopt the *Kaizen* concept, considering the way we do things and to improve where we can. We realise that even small changes can make a big difference.

One thing that will not change at Pincus Matz, is our respect for the law, and the passion with which we strive to resolve legal matters for our valued clients.

* *Kaizen* is a Japanese term meaning change for the better or continuous improvement. It is a Japanese business philosophy that concerns the processes that continuously improve operations and involve all employees.

"You need a lot of different types of people to make the world better." — Joe Louis

Out & About ▶▶▶ Building and nurturing relationships

Doing things differently is what we aim to do this year, so we are having fun choosing different venues at which to host our Birthday Club breakfasts. The Blockhouse Kitchen was our venue of choice for September and it certainly impressed our guests. Thank you for joining us.

Janet Snyman and Martine Murphy at the last Adele Searll 100 Club event held at Citadel. Guest speaker, Ian Merrington gave an insightful overview of Generative AI.

We were recently invited to a luncheon celebrating the Festival of Sukkot. It was held in a temporary outdoor structure, symbolising unity, gratitude, and the Harvest season.

We attended the Cape Town Chamber's Coffee Club Event held at the Taj in celebration of Tourism Month. Guest speaker was future strategist and best-selling author, changemaker, John Saneil.
