

Celebrating some lovely things

Welcome to our first newsletter of 2013. Having just celebrated the month of love, we decided to theme this edition around that precious four-letter word. Most of our extended family (yes, that's you) already know just how passionate we are about

people and how much we value the relationships we build. Now we'd like to add just how much we love it when we can help you with your legal matters, because when it comes to the law, we love to find the right solution - seriously!

Why we love our Birthday Club

1. We love spending quality time with our special friends. We can engage with you in a way that is not always possible at other functions.
2. We love sharing a special occasion with 'family' and friends as it makes our relationships extra special and memorable.
3. We love taking time-out from routine. It is a great way to ensure that we keep our working life interesting, and that in turn affects the attitude towards our work.
4. We love our new birthday badges!
5. We love finding new venues and supporting old favourites, and of course, all the fabulous food!

5 things you will love about our Property Department

1. Our friendly and efficient team
2. Our focus on registering the transaction quickly
3. The whole process is managed by an attorney who is skilled not only in property law but also in finance and tax
4. Our creative and flexible solutions (but which are *always* ethical!)
5. Our personal service!

Why we love Staff Birthdays

We love to live up to our motto: Serious about Law - Passionate about People. So a special occasion for one of us, is a special occasion for all of us. Our monthly staff lunches at which we celebrate staff birthdays, is an opportunity to discuss business developments in a social environment.

Spending time together as a team motivates us as we encourage each other and acknowledge our achievements. There is always good food, fun and laughter, and we get quite creative with our themes, decorating and dressing up, and even have a lucky draw!

The happiness and care spills over to our work, which in turn benefits our clients. A happy team is a productive team.
